

City of Myrtle Beach DEMOLITION PERMIT PROCEDURE

1. Complete the permit application and waste disposal application. Submit to Plans Expeditors at the City of Myrtle Beach, 921 Oak Street, Myrtle Beach, SC 29577:

Commercial: Heidi Soos (843) 918-1165 Residential: Eileen Flynn (843) 918-1195

2. Applicant must execute a bond of two thousand dollars (\$2,000.00) per one-half acre (minimum of \$2,000) in the form of a Certified Check or Cashiers Check payable to the City of Myrtle Beach. This bond is to insure faithful performance on the part of the owner/applicant that the properties will be restored to meet compliance. The Applicant shall be responsible for the cleaning and grading of the vacated lots within fourteen (14) days of building removal. Such cleaning and grading shall be in a manner that insures the health, safety and welfare of the public is maintained.
3. Applicant must contact Construction Services Department in advance for required tree alteration permits. Contact Jimmy Brown at 918-1170.
4. A plumber (licensed in the City of Myrtle Beach) must cap water and sewer lines. If the plumber is unable to locate the sewer connection after making a sincere attempt, then Dan Lovelace or Earl Sickels with Engineering Department may be contacted for assistance at 918-2000. Dan Lovelace or Earl Sickels must inspect lines when capped and sign the permit application in the Construction Services Department.
5. Prior to any demolition, please contact Richard Lazenby at 918-2018 or John Johnson at 918-2016 and make arrangements for structure to be evaluated for water/sewer credits.
6. DHEC approval must be submitted:
 - DHEC permit is required for all commercial demolition.
 - All single family demolitions contact Air Quality Program with DHEC for disposal instructions.Contact DHEC in Columbia for applications: (803) 898-4289
7. After the completion of each of these steps, a demolition permit may be issued. The fee is \$50.00 for each building or structure.
8. After the completion of the project, please call for a final inspection. **Once approved and after redevelopment of the property**, the two thousand dollar bond (\$2,000.00) or final amount shall be refunded to either the owner or the applicant.
9. Contact Santee Cooper for instructions when disconnecting the electrical service.

During the Course of demolition, all construction materials must be kept wet at all times to prevent dust from leaving the site. Once the building has been demolished or moved all debris must be immediately cleared and the lots must be cleaned. In addition, the lots will be required to be sodded or hydro-seeded with a silt fence installed to prevent and eliminate any erosion.

ORDINANCE NO. 2007-70

CITY OF MYRTLE BEACH
COUNTY OF Horry
STATE OF SOUTH CAROLINA

AN ORDINANCE TO AMEND CHAPTER 2,
ARTICLE II, SECTION 6 OF THE CODE OF
ORDINANCES OF THE CITY OF MYRTLE
BEACH TO ADD REQUIREMENTS FOR THE
ISSUANCE OF A DEMOLITION PERMIT.

Sec. 6-24. Application for demolition permit.

(a) All applications for demolition permits shall be accompanied by a demolition plan containing the signature of the property owner, and binding upon subsequent property owners. The plan must be in a form acceptable to the Director of Construction Services or his designee (Director).

The demolition plan shall require the removal of all mowing obstructions, construction debris and materials, and removal of all structural foundations unless the applicant demonstrates that the foundation is to be reused in the redevelopment of the property with such redevelopment beginning within six (6) months of the issuance of the demolition permit. The removal of such materials is required within fourteen (14) days of the removal of the structure(s). Grading of such demolition sites may be required at the discretion of the Director. Paved parking areas may be retained on site, although the property owner is required to maintain such areas so that they do not detract from the overall appearance of the property.

The demolition plan shall further require that, upon demolition, the lot where the demolition has occurred be sodded or hydro-seeded with a silt fence installed to prevent and eliminate erosion. This silt fence must be maintained in place until the lot has a vegetative cover of at least 70%. The requirement for hydro-seeding or sodding may be waived at the discretion of the Director if the applicant demonstrates to the Director's satisfaction that redevelopment of the property will begin within 6 (six) months of the issuance of the demolition permit.

The demolition plan shall also include a description of the applicant's plans for on-going post-demolition maintenance of the lot so that the condition of that lot does not rise to the level of a nuisance as defined by Section 10-22.

(b) All applications shall also shall be accompanied by an executed bond of two thousand dollars (\$2,000) per one-half acre (minimum of \$2,000) in the form of a certified check or cashiers check payable to the City of Myrtle Beach to ensure compliance with the provisions of Section 17-34(b). Such bond will be returned or refunded to the applicant upon redevelopment of the property.

-
2 This ordinance will take effect immediately upon adoption.

Notice

- Pursuant to S.C. Code Sec. 15-3-640, you have the right to contract for a guarantee of the structures being free from defective and unsafe conditions beyond thirteen years after substantial completion of the improvement for which this permit is issued.
- Separate permits are required for electrical, plumbing, gas, heating, ventilation or air conditioning work.
- This permit becomes null and void if work or construction which it authorized is not commenced within 6 months of its issuance, or if work or construction is suspended or abandoned for a period of 6 consecutive months at any time after it is commenced.

I hereby certify that I have read and examined, or have had read to me, this application and understand this application to be true and correct. Compliance with all provisions of laws and ordinances governing this type of work shall be assured whether specified herein or not. The granting of this permit does not presume to give authority to violate or cancel the provisions of any federal, state or local laws regulating construction, or the performance of construction.

DEMOLITION BOND AGREEMENT

PROJECT: _____

ADDRESS: _____

I have read and understand that a bond of two thousand dollars (\$2,000.00) per one-half acre (minimum of \$2,000) in the form of a Certified Check or Cashier's Check payable to the City of Myrtle Beach must be executed. This bond is to insure faithful performance on the part of the owner/applicant that the properties will be restored to meet compliance. The Applicant shall be responsible for the cleaning and grading of the vacated lots within fourteen (14) days of building removal. Such cleaning and grading shall be in a manner that insures the health, safety and welfare of the public is maintained. During the course of demolition, all construction materials must be kept wet at all times to prevent dust from leaving the site. Once the building has been demolished or moved, all debris must be immediately cleared and the lots must be cleaned. In addition, the lots will be required to be *sodded or hydro-seeded* with a silt fence installed to prevent and eliminate any erosion. After completion of the project, a final inspection will be performed. **Once approved and after redevelopment of the property**, the two thousand dollar bond (\$2,000.00) or final amount shall be refunded to either the owner or applicant.
