CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or on clicking links from unknown senders.

I am writing to express my interest in becoming a member of this committee.

My qualifications are well aligned with bike and pedestrian issues as my brief history will show.

Retired from NC State University as Assistant Director of Parking Service's. I managed over 20,000 parking spaces, 11 parking garages, 7 pay lots and event parking.

During my tenure I worked with TDM and Alternative Transportation to properly allocate parking resources for bikes, placement of bike racks based on utilization.

I also had to work with our campus planners, architects, facilities, housing and corporate clients to ensure adequate parking and bike resources were included in any project. Worked with campus police to register all bikes and maintain a data base easily accessible to police and transportation.

I was on the development team of a campus "Walk Time Map" that showed the best routes and approximate walk times. We had a Park-Lock-Leave policy where we promoted only using your vehicle to get on and off campus and encouraged walking, biking or bus to finish your final distance.

I was also involved with the bike and scooter rental programs that became so prevalent on college campuses and metropolitan areas over the past few years, where I saw both the benefits and the consequences of this type of contract program.

I look forward to hearing from you soon

(Currently in the Mryrtle Beach 101 class which has been put on hold till?)

Respectfully submitted,

David W. Gregory

Dear Recipient

Submitting my resume and a brief letter of introduction regarding a posting you had for volunteers to serve on a community Committee/Board. Interested in volunteering to help out with the Bicycle and Pedestrian Committee.

My name is Daniel Brass and I am the owner of a local business in Market Common, Black Dog Running Company LLC. I am passionate about helping make our community a better place to walk, run or bike. I have worked with local community events/races since our inception in 2012. My business strives daily to expand the popularity of walking/running in our area and would love to help add our voice to helping make Myrtle beach a more pedestrian friendly community. I thank you for your consideration and your time. Please feel free to reach out with any questions.

Sincerely,

Daniel Brass
