## **Carolyn T. Milliron**

### ***Independent Consultant to the Construction, Education and Manufacturing Industries***

#### ***Select Qualifications***

- 30 + years of experience as Training, Education, and Development Consultant for all aspects of business & industry, with specialization in construction.
- Construction Industry TED Subject Matter Expert, serving on local, statewide and nationally based projects.
- Led a 4 year, two state effort to revitalize, rewrite and rebirth the Project Super**VISION**® competency-based construction supervisor education and recognition program. This project involved coordinating 40+ (volunteer and paid; vetted) subject matter experts, authors, designers, contributors, printers, graphic artists, attorneys plus securing funding (\$250,000) from Board of Directors/Trustees. The program is resulted in a curriculum of 200+ hours of training, amassed into a 5-course program designed specifically to enable construction supervisors to be safe, effective, and efficient while increasing productivity and profit potential.
- Certified National Center for Construction Education and Research Master Trainer, Project Super**VISION**® Instructor, Construction Workforce Development Professional.
- Full charge budget, management, development, delivery and assessment of training programs for commercial/industrial construction industry for 2500+ association member companies. Members represent all aspects of construction, i.e., Horizontal – heavy-highway, bridge, road, utility, civil; Vertical – building and all aspects of specialty construction and trades.
- Worked in partnership with NC DOT, SC DOT, municipalities, community colleges, tech schools and associations to develop and deliver training programs.
- Cooperatively developed and delivered numerous Contractor Business Academies – focused on imparting construction business skills for minority contractors.
- From customized assessments and in alignment with contractors' strategic plans, developed, sourced, directed and delivered training programs for the industry.
- Performed all fiscal, operational, management and developmental duties associated with the Foundations' work for commercial and industrial contractors in NC & SC. Assessed organizational training in area business and industry, specializing in construction.
